The astounding story of Tania Head, whose heartrending account of surviving the World Trade Center attacks made her a celebrity—until it all turned out to be an elaborate hoax.

It was a tale of loss and recovery, of courage and sorrow, of horror and inspiration. Tania Head's astonishing account of her experience on September 11, 2001—from crawling through the carnage and chaos to escaping the seventy-eighth-floor sky lobby of the burning south tower to losing her fiancé in the collapsed north tower—transformed her into one of the great victims and heroes of that tragic day.
